PROGRAM

In honor of Constitution day, the American government class presented a program before Senior Assembly. Opening the program were Marilyn Hagel and Ray Pomplun with talks on girls' state and boys' state respectively. Next was a short skit which took us back to a few weeks after the formation of the Constitution. Taking part in the skit were James Billey as Benjamin Franklin, Douglas Bell as Alexander Hamilton, Wayne Cherney as James Madison, and Joan Retzlaff as narrator.

The Ellendale High School grid season started with a week of pre-school practice. There was a fine turn-out the first week, but more came out with the beginning of school. Those out for the '52 season are: Seniors: Norman Stahlecker, DeForest Rahl, Wayne Cherney, Loren Bobbe, James Billey, Elden Reinke, Ray Pomplun; Juniors: Gus Hagen, Harlen Stahlecker, Bob Jury, Jack VanSickle, Melvin Zinter, Kenny Keller; Sophomores: Dick Schonburger, Virgil DeWald, Mike Manu, Randy Rime, Eddy Nishek, James Brandenburger; Freshmen: Monte Coffel, Gordon Pomplun.

Frank Heitman and Gary Edwards, co-captains for this season, have been leading the time. Alvin Nicholson will be the student manager this year.

I predict Lisbon will top the conference this year with Ellendale and Enderlin in a two-way tie for second place, and Cakes and LaMoure following in that order.

"Mike"

***** Initiation

Initiation is here again and so are the mighty seniors. I can see by the sophomores that they are glad that it is here so soon! Why I think they are getting ready for it a week ahead of time! I see via the grapevine that the mighty seniors have a small, small list for each poor sophomore.

EDITORIAL

Why do we have freedom of the press? This is a great freedom which we can and will use this year. As the new staff takes over for this year, we are here to report the news. We will favor no one by not putting the true facts before the students, as reported by students.

Our opportunities for a good year of publishing the Cardinal are great. We have an increased enrollment all around, thus having more students eligible to buy the papers. Last year the class went in the red on every copy. We want a change this year; we want the paper to pay out. With the cooperation of all of you, we can do it. Let's all buy a Cardinal every time there is a new one for sale!

EXTRA

The twirlers started their year by electing a new majorette and three new members. The new majorette is Luella Hall and the new members are Helyn Schaller, Kathy Bobler, and Virginia Weispfenning. The old members are: Marilyn Hagel, Jean Dobler, Angela Heine, Luella Hall, Dulcie Bell, Marion Zinter, Mavis Aman, and Betty Olson.

Their first performance will be on October 10, the first home football game.

SOPHOMORE NEWS

The Home Ec. girls are taking work at the N.I. for 12 weeks. They are canning now and will freeze food later. Their teacher is Nadine Fox.

We were very sorry to hear about Lee Roeszler's accident but are glad to see him back in school.

We have been hearing rumors about initiation and, as everybody knows, we are very eager for that wonderful day to come.

SENIOR NEWS

Thirty-three important seniors assembled in the first two rows next to the windows in Senior High (sacred only to them) on September 2, to begin their mighty reign over E.H.S. They elected Wayne Cherney President of the class. Douglas Bell is Vice President, Jo Anne Kirmis is Secretary, James Billey is treasurer, and Angela Heine is reporter.

On September 16 the Senior Class sponsored the first party of the year. Games and dancing were enjoyed. The party was well attended by Junior and Senior high people as well. Coke and cupcakes were served as refreshments. The committee in charge of the successful evening were JoAnne Kirmis, Joan Retzlaff, and Marilyn Hagel, chairman.

FRESHMAN NEWS

Our school year started out with a bang. There are thirty-nine girls and seventeen boys making a total of fifty-six.

On Tuesday, September 16, we had a Freshman get-acquainted party. There was a good attendance.

Two lucky girls were chosen from our class to be on the twirling team. They are Helyn Schaller and Virginia Weispfenning. Virginia will be majorette next year.

Beatrice Hokanna is our new cheerleader. She and Virginia will cheer our team to victory.

Our class officers for this year are:

President.....Gordon Pomplun
Vice-president.....Ronald Strand

JUNIOR NEWS

The junior class has voted to put on a play to raise money for the Prom.

I wonder why all the juniors are at the height of good behavior. Couldn't be Keystone, could it?

The junior boys have shop at the N.I. this year. They are divided into two divisions: the boys in the general metals class, who are making hammers, and those in machine shop, who are making plug gauges. Billy Bartels and Lawrence Barton are elding.

KIDDIE KAPERS

FOURTH GRADE NEWS

We have 36 pupils in the fourth grade this year. Two new pupils have moved into town and are with us this year. They are Adam Bender from Kent township, and Elfie Golon from Sioux Falls. We are happy to have them in our group.

We have enjoyed science class very much. We have made a collection of insects and brought them into our room. Each of us has been assigned a topic about insects and have enjoyed looking them up and giving a report to the class.

Delvin Franz, Sandra Volz and Dale Edwards brought their turtles to school for us. Judy Nicholson brought two goldfish and a frog.

We also had a live bat and a locust in our collection.

Sandra Volz had the misfortune of colliding with her brother while they were riding their bicycles and had to be in the hospital for one night but is back in school again this week.

We hope that everyone will be more careful while they are playing from now on.

Priscilla Amstutz, Carole Bobzien, John Allen Gebhardt, Sandra Newman, Judy Nicholson, and Billy and Johnny Martinson have missed school because of illness but are all back with us again.

SECOND GRADE NEWS

The second grade room has an enrollment of 22 pupils. The girls outnumber the boys thirteen to nine. We have two new pupils- Ray Fleming from Farming Valley Township and Donna Juelke from Adrian.

The first two weeks of school we spent most of our time on review work.

Our reading classes are divided into three small groups. This provides pupils more chances for individual participation. Other subjects are taught to the class as a whole.

For art work we have done free hand drawings and cutting. Melvina Olson, Peggy Harm, Janice Mehl, and Louise Achenback have made especially nice pictures.

Those who hand in very neat and well written papers are Max Gerling, Donna Juelke, Lloyd Trautmann, Marci Sizer, Charles Comstock, Lorinda Scheffel, Timmy Fox.

Charles Comstock heads the list for having read the most library books.

Forrest Bell has suggested the most games to play in an out of doors.

Judy Gackle, Peggy Harm and Marcia Sizer have been ill, but are now back in school.

THIRD GRADE NEWS

We have 38 pupils enrolled in our grade this year. The four new students are Richard Hiepler from the country, Charles Trei from Cogswell, James Bruce from Kansas, and Marcia Porkomem from Minnesota.

On Tuesday, September 16, Marcia Porkomem had a birthday. She treated the class with candy bars. On Wednesday, September 17, Puhr treated with some gum.

In social studies we are starting an Indian unit. Many of us brought arrow heads, Indian miniatures, and tomahawk heads. Stories are read and pictures drawn, and we are looking forward to our Indian village made of clay.

Pamela McCreery has been absent due to a cold.

On September 18 we had a birthday party for Leonard and Lois Bell. We also had a birthday party for Loren Crabtree and Katharine Robbins at the same time.

FIRST GRADE NEWS

We have a nice group of lively boys and girls. This year 20 girls have enrolled, outnumbering the boys by seven.

Growing "big" in the first grade is more than growing taller. First, one must listen to directions; second, do what ever has to be done the best one can; and third, do it with a smile. When one learns to do this he is really "big". Terry Young is growing very fast.

Miss Newberry has visited our room and one day brought Miss Haupt, our new student teacher.

Harry Holmes passed cookies for treats celebrating his sixth birthday. Dorothy Lewis passed treats at story hour last week. Max Erdelt brought a young mourning dove to show for nature study.

Many of our mothers were at the first meeting, which was held the afternoon of the first day of school. Officers were elected and plans were made for this group to meet during the school year. The next meeting will be held Tuesday evening October seventh.

SIXTH GRADE NEWS

Twenty-nine students are enrolled in the sixth grade this year. Three of them are new to our school. They are Sally Bender, Sandra Schlenker, and Dale Hiepler.

Shela Haberman had a birthday last Friday and treated the class to ice-cream bars. Thank you Shela. We enjoyed them.

We have been studying the flowers of the field, desert, swamp, and forest. Many of the wild plants have been brought to school so we could observe them. We also had a bat (in captivity) that caused a great deal of interest to be shown by many of the grade pupils.

Mr. Ambert Babcock is our practice teacher this quarter. He is going to teach history.

We have been making puppets out of paper mache. Some of them are very clever.

EIGHTH GRADE NEWS

On Tuesday, September 9, we held our class meeting. We elected the following officers:

President.....Leland McClellan
Vice President.....Yvonne Hanson
Secretary & Treasurer, Gail Griffin
Cheerleader.....Lorraine Watson
Class adviser.....Mrs. Vix

We decided on fifteen cents per month for our dues. A week following, the class officers met. They decided to have a party on Thursday, Sept. 25. Food, game, and clean up committees were appointed.

We have twenty-four students in our class.

Sports

The Ellendale Cards opened the football season by journeying to Enderlin from where they came home on the short end of a 21-6 score.

The Cards were pushed all over the field by the Eagles in the first half, while Enderlin scored two times and added a safety for a score of 15-0, until Bob Jury caught a kick-off on his own 30 yard line and behind good blocking went all the way for a touchdown. The try for an extra point was incomplete.

Doing outstanding defensivework were co-captain, Frank Heitman, Elden Reinke, Harlen and Norman Stachlecker, and Bob Jury. The Cards offense and defense were both rather ragged, but they expect to be in top shape for the Oakes game September 26.

The senior class did it again and chose Connie Burow as our new cheerleader. Our other two outstanding cheerleaders are Douglas Bell and Loren Tieggs.

Say!

The Kardals, a Tenor-Piano Team and the second high school lyceum number of the year will appear in the high school auditorium on Monday evening, October 27. The high school band will also appear in a brief concert.

The number is sponsored by the Ellendale P.T.A. and a ticket sale will be promoted by that organization. Proceeds after expenses will go into the band fund to be used in the purchase of new troupers.

Band News

Thirty old members reported to Mr. Melby for practice this fall, and ten new members have been chosen from the junior band.

During the summer the band has purchased a new baritone saxophone and a few other accessories. They plan to buy new hats and maybe new troupers.

The first performance by the band will be at the first home football game. On October 11, the band will march in the Gypsy-Day parade in Aberdeen, and on October 25 they will march in the N.I. Homecoming parade.

The opening of school generally starts a new fashion parade and this year is no exception at old E.H.S.

Most of our gals are still sporting cotton skirts and blouses. We have plenty of time for winter clothes, it seems; no one is in a hurry to get her her "woolies".

The boys, as always, are holding their own in bright sports shirts and jeans. I believe the boys hold contests to see who can wear the brightest shirts. If you doubt me, just look around. Get an eye full of Elden Reinke's yellow plaid one, or just about any that Frosty Hall wears.

Belts are the newest things around here. I think they will stay the main feature this year with skirts and blouses, or sweaters as you choose. Wide elastic belts seem to be favorites. They show off a tiny waist at its very best. For proof, contact Barbara Pomplun, Beth Ashmore, Karen McShane, Dawn Combellick, or Luella Hall.

Eventhe boys have a belt "fever" this year. I have seen some pretty cagey ones. Have you noticed that one Loren Bobbe wears with his name on it?

Well, all you fashion-wise guys and gals, this is all for this edition. See you next time!

HONEST

Wayne Cherney informs us that he is busily pursuing the eligible bachelor girls of E.H.S. with one catch. They don't seem anxious to be caught.

The flames of love are burning higher in the heart of D.C. since she saw a certain Southern gentleman from Frederick way.

Guess! Betty and Loren are finally pulling through and going steady!

Frank conveniently had no way to the game in Enderlin so—he was forced to drive Evelyn's car. He was really heart-broken. (He says)

What's this we hear about a certain Frosh gal handing out cigarette lighters? Ronsin's at that! Some guys just have it, I guess.

It appears those Oakes boys are rough characters—anyway, M.Z. has sure got a cute shiner p-l-u-s a huge gash. You're kinda mean, blaming it on that poor critter, Mazie!

Alumni News

Upon entering the halls of E.H.S. we miss familiar faces. Whose? Why the alumni of course and to let you know where they are here are a few facts: Betty Houghton and Newton Davis married; Esther Schaller and Marvin Griffin married; Lorna Maack is teaching a rural school; Joyce Evans and Stan Kern are going to school at Nampa, Idaho, and at the N.I. are many of the rest—Peggy Hatfield, Grace Bell, Roger Kendall, Bob Schonberger, Bob Higgs, Beverley Gerdon, JoAnne Beine, Verna Kosel, Alfred Trautman, Ken Cofell, Jack Helder, Herbie Wagner, and Norman Aman. Shirley Viek is enrolled at Concordia in Moorhead and Marilyn Neumann is working in the Ellendale bank. DeLores Nitschke is staying at her home. Lawrance Beaver and Don McShane are in the Air Force stationed in Texas.

CHEER LEADERS

Thirteen juniors turned out for cheerleading try-outs on Tuesday October 14. On Thursday, they again preformed for a council, composed of two faculty members and three senior students. The thirteen were cut down to six. On Friday, they were put before the senior class, one at a time. They each did three yells before the class. Then they were voted on. Those in the finals were: LaPalma Tieg, AnnaMae Davis, Beth Ashmore, Karen McShane, Blondell Zimmerman, and Carmen Phillips.

The two winners were LaPalma Tieg and AnnaMae Davis.

The two will start working with the senior cheerleaders. The cheerleaders hope to be in top shape for basketball season.

Initiation

The sophomores are now full-fledged members of the Senior High School. This all happened on Monday, September 29. About 8:00 clock they entered the English room for a little make-up. (put on by the Seniors of course.) This started a day they will long remember. The most memorable part of initiation was the party. The party consisted of a program from eight to nine and dancing from nine to eleven.

We shall always remember Johnny Ray's (Tony Hagel) "Walking My Baby Back Home", Helen Sharp's exhibition of the Russian Goose Step, Mike Maunu's version of the Charleston and Tex Williams' (Dick Schonberger) version of "Smoke, Smoke That Cigarette." Johnny Uecker took it upon himself to rock sleepy Dick Burow to sleep during the program. Very kind and thoughtful of you, Johnny!

The sophomores, having decided to mix exercise with the pleasures the Seniors were giving them, big Eddie Nishek led his fellow sophs in a few small exercises. Dewey Nicholson did ten extra push ups just to show us that he could do them. While they were resting, the Seniors called upon two sophs, Kenny and Denny Mattheis---(The Tonsil Twins) for a few songs, after which, Randy Rime gave us a speech on how good and kind the Seniors were to them. For showing such good sportsmanship throughout the day, the Senior Class presented the underclassmen with a free lunch before the dancing started. (Two-week old cupcakes.)

After the party, the Seniors treated everybody to a free barbaqued hamburger and a bottle of pop. This ended a very successful evening.

INQUIRING REPORTER

Now let's look on the funnier side of life, our sophomores. Here are a few remarks on initiation:

Dick S. "There's nothing to it," James B. "Pretty mild", Myron G. "Had a lot of fun, but a little stiff afterwards", Kenny M. "Leave out the Hall Seniors, and it was okay", Paul H. "It would pass in the dark", Marjorie Gress "Pretty easy", and Randy R. "I don't remember."

Thank you for your very honest opinions, sophomores.

EDITORIAL

Now that you have seen your report card for the first time this year, you must make use of it. You would probably say, "How can I use it?" Well, here's how you can do it!

First, look at those first two grades—department and industry. If these are frightfully low, you'll have to stop the chatter and put more effort into your work. Second, if your book subject grades are not what they should be, ask your instructor how you can raise that grade. If you ask them in a nice way, you'll get a good answer, I'm sure. Third, if your extra-curricular activities are average or better that's good. But if they are shameful, they show that you could work more all the way around. These activities are to keep you busy at all times.

In all three cases, especially the third, courtesy and obedience will help any body with this grade.

A reminder! Halloween is coming up soon. The people of this town are trying their hardest to give us a good time. Let's help them by going to the party and showing our gratefulness. Only brats, urchins, and know nothings, tipgarbage cans soap windows and destroy things in general.

JUNIOR NEWS

Needless to say, we of the junior class have found our treasury almost empty. Having no alternative we have decided to get out and make a little money. Our first project along this line was to sponsor a food sale at Lynde's Garage on Saturday, the eighteenth.

One of our classmates, and incidentally, our usual reporter, Kathy Dobler, has been in Minneapolis for the past week. I'm sure Kathy didn't mind her little vacation from school, but what about the HOME-WORK?

Any book written by Pearl Buck rates very high with this general reporter on the Cardinal Staff. Connie has played on the volley ball team for three years, served as vice president of the Junior class, and has been a member of 4-H for one year.

Some one who has a pleasant personality, has dark brown hair and brown eyes, is humorous and stands between 5' 10" and 6' tall is her ideal boy. Wedgies and anklets is her pet peeve.

She plans to be an Airline hostess in the future.

"Vegetables" is our theme for good health habits this month. Our display of empty plates hanging on the wall is a constant reminder of clearing our plates at mealtime. All the plates, returned up before dinner supposedly filled with food. Upon their return only those failing to eat all their dinner have to leave their plates upside down. Can't you sympathize with John Boekelheide for when asked about his upturned plate he remarked, "Well, my eyes were too big for, I just couldn't eat all of the second big piece of French Toast."

Our mothers held their second meeting of the year the evenings of October 7. We were well pleased to have so many interested mothers in our work and plans. A committee will assist with the Halloween party.

Connie Burow came to our room and told us a fairy tale "Three Billy Goats Gruff". We all enjoyed it very much.

FOURTH GRADE NEWS

This six weeks period the fourth grade is striving for a new attendance record. We have a contest between the boys and girls. We have drawn a grape vine and two branches of grapes. Every day the boys are all here they get to a color a bunch of grapes, and the same thing applies to the girls. At the present, the sides are tied.

Lois Bell had 100 on every test in spelling during the six weeks. More people are going to try to do that next six weeks.

Chatter

Gossip, according to Webster, is idle personal talk and groundless rumor. Do you agree with him? Let's see—h'm? Oh, yes our first victim could be Lou H. Why does she keep wandering around muttering to herself, "Which is it to be, the lion or the lamb!"?

Then of course there's L.B. who always gets carried away at football games! Why does he keep shouting, "Excuciate those adversaries; they are mere travesties! Recapitulate the strafing!"? I ask, "Is it fun to be a protagonist, LaVerne?"

On the "Flighter" side of life we observe:

Betty Olson's left finger. Could it be Loren's class ring?

Along the same line—oops, I meant finger—how about JoAnn W.?

Oh, yes, Marion and Angela too. Our wandering dairy-maids!!!!!! Frank and Norman have a few people baffled by their new vocabulary of slang. No one knows what they're talking about half the time (I wonder if they do either). Anyway they're always conversing between themselves. Such intellectuals in our class!

Help! Help! If you happen to hear anyone yelling "Help! Help!" join in with more "helps". What's the mystery? Ask Ned, he'll tell you—maybe!

It seems L.B. has a girl! I thought you were going to be a confirmed bachelor, but what those women do to you! Eh?

James (yes our editor) says he was rather embarrassed the other night. Why? It seems some girls eager to get rides to Lisbon called on him while his mother was home. What's wrong with that? Nothing, except James had told his mother he was taking ALL boys! The moral of this story is "Tell the truth, especially to your mother". How about that, James?

Well, the gossip has about worn itself out for this time but do you agree with Webster? No?

SENIOR NEWS

The seniors gloriously rode over the sophomores on September 29. Some of the cute characters seen on Initiation day were Denny Dimwit-Lorraine Pomplun; Hunchback of Notre Dame, Patty Ashmore; a cute baby boy, Dick Burrow; and a striking majorette, Virgil DeWald.

We have two new senior accomplices—JoAnne Kirmis for boys' chorus and Ronnie Hatlestad for girls' chorus.

Well, it has happened again; we have a cute senior twosome—Betty Olsen and Loren Tiegs. Besides Betty a number of other senior girls have acquired some pretty big class rings. How about that, Dawn, Mazié Luella and Angela?

We are very happy to see our senior twin, Dulcie Bell back in school again.

Sports

OAKES GAME

The Ellendale Cardinals played their seasoned conference game against their rivals the Oakes Tornadoes at Oakes, September 26. They came home with a 27 to 6 loss. Bob Jury broke through for the touchdown. The Cards played their best game in two years against Oakes, but it wasn't enough. Outstanding defensively were Frank Heitman, Elden Reinke, and the Stachlecker boys.

LISBON GAME

On the third day of October, the "Cards" journeyed to Lisbon to meet the powerful "Broncos." They too turned back the Cards on a 27 to 6 pass. The Cards scored on Lisbon with a pass from Harlen Staclecker to Ken Keller. Lisbon got one of their touchdowns on a blocked kick and there were quite a few fumbles on the part of Ellendale which were costly. The team as a whole were quite tough on defense.

FRESHMAN NEWS

Darlene Fey has been seeing the waste basket pretty often in general science. The gum you chew makes too much noise, doesn't it, Darlene? Why don't you change from Spearmint to Dentine for a while?

Allen Hill visited the Home Ec. room last week for some pins. He must have gained weight as the seam of his gave away.

Most of the Home Ec. girls are buying material alike or at least making their skirts alike. Doubles will probably be seen at the Halloween party this year. Don't get anyone mixed up!

Report cards have created a quiet attitude in the assembly and in the classes. The reason, I think is because of some of those marks.

A scrimmage game played with Oakes on Monday was lost with a score of 12 to 0.

FADS

What's new in fashions? Looking around E.H.S. You would probably say, "Cinch belts, skirts and sweaters, also black checked coats".

Karen McShane and Marlene Morgan have blossomed out with the new pleated orlon skirts. Real neat girls!

Are my eyes failing me or do I really see dogs running around on a skirt? I guess I really do. Hang on to them, Betty.

Looking up on the stage, I see a purple skirt with large pleats belonging to Carolyn Zinter. Oh! Yes! Margaret Ashmore has a new quilted outfit.

WATERLOO

After winning the State dairy judging contest at the State dairy show at Jamestown, the Dickey County Dairy Judging team represented North Dakota on the National Dairy Cattle Contest at Waterloo, Iowa, September 26 to October 3. Members of the team were: Jack Ulmer, Fullerton; Ronald Christenson, Oakes; Angela Heine, Ellendale; and Marion Zinter was alternate. Mr. Kenneth Olson, county extension agent, and Mr. Clarence Olson, North Dakota extension dairy man, were coaches.

The things we did and saw were too numerous to mention, but I would like to name a few of the highlights.

We arrived at Waterloo, Sat. night in time to watch the N.D.A.C. and Iowa Teachers football game.

On Monday we judged in the contest, and we placed 18th in the nation. Jack Ulmer from Fullerton was high individual in the national Brown Swiss contest, and Angela Heine was fifth. It was fun to meet boys and girls from all over the nation. I remember particularly a boy from Virginia, a girl from Connecticut, and another boy from Florida.

We went through the John Deere manufacturing plant, which covers 119 acres, employs 7000 people and turns out 215 tractors a day.

We also toured the Black Hawk meat packing plant, which is the largest plant of this type under one roof in the United States.

On the way home we went through the Mayo Museum at Rochester and toured the University Experiment station at Rosemont, Minnesota.

In Minneapolis we "dined" at a private dining room at the Normandy Kitchen and then went for performance at the Radio City.

Since all of our expenses were paid, we could eat royally and enjoy fine entertainment, as well as receive educational benefits. I truly feel that our week in Waterloo was well spent.

Basketball

The hopes of the Cardinal basketball team are very high, according to the material that has reported for practice. Three six-foot players and three-three-year lettermen reported for the first practice. Compared to the record of the basketball team in previous years, the team should be tops. The coach says, "I think that it is going to be a scramble between Ellendale, Lisbon, and Enderlin, for first, second, and third places. And unless such freakish incidents happen this year, as they did last year, the team should be right up there on top."

"We are all looking forward to the first game when we can all determine for ourselves how efficient our team will be through the season."

"As from what I have seen in practice, I think it will be a three-way tie for the position of star on the team. I think, recalling the superb performances shown last year by the Stachlecker brothers and Gary Edwards, that these three will be the spark of the team this year."

"It is certain that the fate of the Cards depends almost entirely on the way the players co-operate with the coach and how the players keep the training rules. It seems to me that training rules are very important as they better the players' bodies and also better their playing ability."

WHAT I THINK OF IKE

Here are some comments from each class:

Freshmen:

Helen Schaller-"Pretty nice guy!"

Sophomores:

Lorraine Pomplun-"He might not have the money, but he'll do."

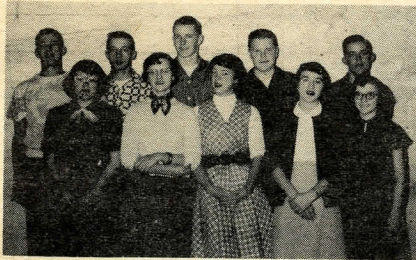

Junior:

Yvonne Hillius-"The peace treaty will be signed on January 21---Ike takes office on the twentieth."

Senior:

Gary Edwards-"There needed to be a change, and Ike is the right man for this change."

LIBRARY

Something new has been added to the high school library; a reference shelf for students who want additional information on subjects and not just for more pages for book reports. These books have been placed on the shelf according to the following subjects: social sciences, biography, geography, and natural science.

Also a shipment of thirty books has arrived from the State Library at Bismarck. We are allowed to keep these books for one month. They are books on democracy, home-economics, music, biology, physics and industrial arts.

We are also looking forward to thirty-four new general library books, which have been ordered but have not arrived.

The first Thanksgiving Days were harvest festivals to thank God for plentiful crops. For this reason this holiday still takes place late in the fall, after all the crops have been harvested. This custom has been carried on for 196 years.

After you get through eating that big turkey dinner, remember Thanksgiving is also a time for serious religious thinking and personal prayer.

On December 11 the Junior Class will present their class play "Professor, How Could You!" a farce in three acts by Anne Coulter Martens.

The plot is centered around Keat (Harlen Stahlécker) a young professor who has a chance for a deanship which he can get only if he has a wife by a certain time. All of his friends try to get him a wife and that is when the fun begins as you will see when you see the play.

Other characters in the farce are Mary Ann McClellan as Vicky Randolph, the bane of the professor's life; Karen McShane and Emil Chemney as Grandma and Grandpa Perry; Ned Leiby as John Appelby (the mother of three children); Kathy Dobler as Priscilla Morley, a sweet young girl; Blondell Zimmerman as Tootsie Bean, a plump spinster; Delbert Nelson as butcher boy Bean; Tootsie's big brother; Marlene Morgan as Valerie Whitman, a southern charmer; and Lowell Edwards as Boggins, the household butler.

DON'T MISS "PROFESSOR, HOW COULD YOU!"

JUST IMAGINE!

Marilyn Hagel walking to and from school?

Joanne Retzlaff going steady.

Cliff Isachsen with a basketball team of his own.

Karen McShane coming to chemistry class on time.

Douglas Bell staying in study hall for more than five minutes.

Rexy not writing to someone.

There is a girl in the senior class who really is a FAIR lass. She has her eye on a boy who plays football for joy.

Guess Who?

A Personal Message from

What are you going to be in life? What is your ambition? What are your qualifications? These are all good questions concerning your future. If you are going to make the thing that your Creator intended you to be, you will have to make basic plans now!

Doctor, lawyer, or dirt farmer- for these you must plan ahead for the future. You have been individually given certain resources, to make use of them! If you don't, how do you expect to succeed in life?

In planning you must first choose the thing that you enjoy doing, then swing your skills and mentality.. See if you have the right qualities for your life's work. If the two match exceedingly well, you have found your profession!

Now you can lay your plans for the future, which are so all important to you. Lay them while you are in high school.

Here's an inspiration

As you all know, there are many extra-curricular activities in our school. Do you students realize the work put in by teachers to make these activities function properly?

Through the hard work of Mr. Melby, Ellendale High School has one of the best bands and mixed choruses in the state. In order to keep this rating we must all cooperate with him in every way.

Come on time for band every morning and act as high school students should act. This also applies in mixed chorus and glee club. Put yourself in the position of a teacher who has to combat large groups who are not willing to cooperate.

Let's show the teachers we appreciate their hard work!!

SECOND GRADE NEWS

The second graders have set up a play grocery store in their room. They have brought wooden boxes for shelves, empty cartons, cans and packages. Royalyn Rollo brought us a cash register.

We have named our store The Corner Grocery. It is usually open from 1:30 until 2:00 o'clock. We also have delivery service.

We take turns being the grocery man, the delivery boy, the cashier and the buyer.

The prices in our store are much lower than in real stores. We must learn our lower addition and subtraction combinations first.

Those who have had perfect attendance so far this six weeks are Forrest Bell, Charles Comstock, Ray Fleming, Timothy Fox, Max Gerling, Peggy Harm, Janice Mehl, Lorinda Scheuffele, Marcia Sizemore, and Lloyd Trautmann.

Mrs. Gerling visited us last month.

We had a nice surprise this month when Mrs. Juelke, Donna's Mother, brought cup cakes topped with pink frosting and a lollipop for each child. It was Donna's seventh birthday.

SEVENTH GRADE NEWS

We are getting ready for Thanksgiving in our room with turkey decorations, posters and pictures.

We observed Armistice Day by giving reports on the first Armistice Day, by giving the salute to the flag, and being dismissed at 3:15.

We are planning a newspaper for our grade, which will be out around the last of this month. Loren Crabtree is the editor, and Dwayne Gribble and Leonard Bell are the assistant editors. Lois Bell, Janice Evans, Rosalie Schaller, and Sharon Stahlecker are reporters. All of us are working on some part of the paper.

The officers of our Y.C.L. for the first three months have been: president, Sharon Stahlecker; vice president, Karen Klein; secretary, Lois Bell; treasurer, Leonard Bell. We will be electing new officers at the end of this month.

We made posters on safety and fire prevention, using original ideas and free hand drawing.

Miss Newberry visited in our room during geography while our practice teacher, Miss Breckel, was teaching her unit on China.

We had our Halloween Party with the sixth grade and enjoyed the party and program very much. Eva Watson and Ron Zimmerman won prizes for being the most appropriate.

We plan on having a Thanksgiving party in the little gym on Wednesday November 26.

Patsy Brandenburger brought us a treat on her birthday. Thanks a lot, Patsy. We have also had some other treats from people who did not have birthdays and we enjoyed them all.

Small Fry

SIXTH GRADE NEWS

We had a party for Gary Wright and presented him with a gift. Gary and his parents moved to a farm west of Ellendale. He is now attending the Consolidated School.

There are some nice turkeys marching across the windows and around the walls. It makes us realize that Thanksgiving is on its way. Some of the boys are working on a table project to show Thanksgiving scenes.

Jerry Klein and Dennis Stucker had birthdays during October. Dennis treated the class to cheerios. Thank you, Dennis.

We tried some experiments in science class showing air pressure. One that was especially interesting was watching air pressure push an egg into a bottle in which there was no air.

FOURTH GRADE NEWS

First of all, we want to thank the city for the Halloween party and treats we had. The "hot dogs" and pop really hit the spot after our long hike. Billy Martinson and Sandra Volz won prizes for having the funniest costumes and Rodger Vix and Ferryl Triplin won prizes for being the most appropriate.

The girls are ahead in our attendance chart. They have colored ten grapes, and the boys five. The boys are working hard to catch up.

We have an art corner in our room now. Terryl Fryslie has drawn many pictures of horses that we all like very much. Winston Bell has also drawn some very good pictures of Dick Tracy, his favorite comic strip character.

We have started a contest in arithmetic to learn our multiplication tables. We have to get "one hundred" to get our name up on the chart, and then keep getting 100 every day afterwards, or our name comes down.

Our room is being decorated for Thanksgiving. We are reading about the Pilgrims in history and posters about them.

We were happy to have Carole Bobzein's and Judy Nicholson's mothers visited us one day last week.

We have organized the Fourth Grade Helpers Club in our room. Bonnie Van Dyke is president, Billy Martinson, vice president, and Sandra Neumann, secretary. At our meetings we discuss any business that should be brought up before the class and then new committees for keeping our school room in order, are appointed.

FIRST GRADE NEWS

Hi there! Everybody!

We are so happy in our snug little corner on first floor that we want to share our news. This week two large packages arrived. As Mr. Ingvalson brought them in, some of the children uttered sounds of joy, (aho,oho,goody-goody) then a chorus of "thank you's". Yes, our new Dick and Jane books as well as work books have arrived. No one class benefits by these materials for there are new things for all.

Good citizens share: Sharon Mittleider and Judy Jean Bruce passed treats at story hour. Joan Finney celebrated her birthday and had a special treat for all.

Good citizens respect and honor our flag. Many words in the flag salute are difficult for six year olds to pronounce but we've learned it very well. On Armistice Day we learned why the flag was flying at half staff. Then we watched to see at what time it was raised to full staff.

Good citizens express appreciation. All the first graders want to thank the business men, their mothers and fathers and others who helped to make their Halloween party a night of fun. A special thank you to John Boekelheide's grandfather for his many songs and jovial ways which added laughter to our party.

FIFTH GRADE NEWS

We have had several pupils absent from school due to illness.

In geography we have completed our work on the Western States and we are reviewing before we write our test.

We all have dictionaries and we are making good use of them.

The following pupils have their practice readers completed: JoAnn Franz, Mary Elaine Crabtree, Bonita Vix, Mary Oxenrider, Sandra Myhrum, and Patty Wallace.

Sandra's mother and little sister visited our room today.

THIRD GRADE NEWS

Pamela McCreery is ill in the hospital with rheumatic fever. She will be in the hospital the rest of the week. Our class presented her with some books and fruit. We miss her and hope for a quick recovery.

Mrs. Puhr and Mrs. Weispfenning visited our room last week on Wednesday and Thursday.

We all had a good time at our Halloween party. Mrs. Puhr and Mrs. Rowe helped serve. Darlene Anderson helped with the games. We want to thank these people for their help for a successful party.

Mrs. Myhrum and Martha Jo visited our reading class on Wednesday morning.

Our new Health Chart is up, and now we are studying about our teeth and how to take care of them and so we are keeping record about brushing our teeth.

SENIOR NEWS

It seems that even the mighty seniors have found some drastic changes in their original and well loved seating arrangement, in assembly Mr. Burlingame seems to have captured a prize seat way up front while Master Billey assumed one of lesser degree in the back.

Speaking of being moved, it has been rumored that a few students will leave old EES to seek their master degrees in various subjects. This, of course, is due to the fact that they are master minds and are far too intelligent for our humble school. (Hail)

Did any of you industrious American government students happen to see "The Washington Story"? It gave quite a clear picture of Congress in action, and made you understand the importance of Congressional Committees. Imagine Van Johnson as the head of one such important committee!!!

There is an urgent need of more enthusiastic Canteen members. Come on, kids; our Teen Canteen needs your support or it may fold up entirely. See Dulcie Bell for your membership cards—only 35¢.

Goodness Sakes! Where do you gals find all your cute winter clothes? Either you must have rich uncles or can sew perfectly.

Did any of you gals (or guys) happen to notice that wool skirt and matching jacket Carolyn Pierce had on the other day? She told me she made it herself. Pretty clever gal—don't you think?

Anyone who says winter is a dreary season ought to visit E.H.S. All these gals and their new coats are a sight to behold. There sure are a lot of snappy ones to say the least. Look at the new one Karen McShane is sporting, or that reversible one that Dawn Combellick has. They will all add color to our winter wonderland.

The boys are still sticking to their parkas. Nothing new there, I guess, unless it could be that bright red one I just saw go by. It really stands out among all the green ones, but it's nice to see something new for a change.

Speech

Angela Heine, speaking on the topic "America is Everybody's Business", won first place at the state L.H. Public Speaking Contest held in the House Chamber of the Capital building at Bismarck on October 24.

Larry Strand from Lawton, North Dakota, topped the boy's division.

The blue ribbon winners and the grand champion awards were made at the L.H. banquet sponsored by the Gold Seal Company on Friday evening.

The awards were a 38-piece set of silverware for the girl and a 17-jewel wrist watch for the boy. These winners are eligible for national awards which are based on performance in the state competition. National award winners receive trips to the National L.H. Club Congress in Chicago, November 30th to December 4th and also win a \$300 scholarship.

Kenny Mattheis was the boy entry from this county and he received a blue ribbon. There were more than twenty entries and the judge was Mrs. H.W. Wilson, instructor of speech at the Bismarck High School. A transcription was made of the two top speeches, and they were heard over the radio on October 26.

Bryce Mow left last week for Elk River, Minnesota, where he will go to school. A certain girl seems to miss him very much. She was very happy to receive a letter from him last week.

CLASS PLAY

BIG SUCCESS

Yuletide Spirit Prevails

The first substantial Christmas program to be held at Ellendale High School was in 1938. Arnold O. Christmas is celebrated in all Christian countries as the anniversary of the birth of Christ. The name "Christmas" is used only in English-speaking countries. Other names for Christmas in different countries are Christ's Birthday, Yuletide, Holy Night.

The meaning of Christmas leaves us sometimes when we receive our gifts and exchange Christmas greetings. To keep in mind the real meaning of Christmas we should go to church on Christmas eve to celebrate Christ's birthday.

Let's all then have a Merry Christmas and a Happy New Year.

CORRECTION

In the third issue of the Cardinal, dated November 25, there appeared a front page article entitled "Basketball". This article quotes the coach and has quotation marks around the quote. These quotation marks are an error; this statement was not made by the Coach! It really contains the reporter's own ideas about the team.

We don't want to blame any certain one for the error, but I, the editor, should have caught it. We wish to apologize to Mr. Isachsen and hope there are no hard feelings between the "Cardinal" and the coach.

STAFF SAYS

MERRY CHRISTMAS

The junior class project, the play "Professor, How Could You!", was successfully completed, Thursday evening, December 11.

The proceeds from the matinee Wednesday afternoon and the Thursday evening performance amounted to \$173.65.

In appreciation of Miss Onsrud's work, the cast presented her with a billfold.

Before the play Yvonne Hatlestad and JoAnne Kirmis played "Dark Eyes", a piano duet. Between acts Dawn Combellick sang "White Christmas" and Beth Ashmore, "Danny Boy".

The junior class wishes to thank everyone who helped to make their play a success.

HOT-LUNCH PROGRAM

The school is working on a hot-lunch program which it is hoped will start at least one week before the Christmas vacation. The lunch is for those who cannot conveniently eat their noon meal at home. There are about 89 students (most of them non-residents) already signed up to takepart in this program, although the project has been set up for about 100. The meals will be twenty cents now and may cost more later on. The meals will consist of one hot dish, a desert, and a glass of milk.

A double-oven stove will be set up in the kitchen and eventually a deep-freeze, to store the perishable commodities in, will be installed. Mrs. Edna Olson will be in charge of the cooking, while Mrs. Kramer will be in charge of the business.

The program will start as soon as the commodities arrive.

EDITORIAL

This is a good time to think of how hard some things are to get done. At the time of this writing we are busily engaged in practicing for our annual Christmas program and the junior class play. These events take all of our school time and plus.

You have little time for school work, yet in some way you have to get it done. The teachers aren't just going to stop for two weeks and let us work on extra-curricular activities.

You have to learn this one thing in school: to use your time wisely. You will have to let those personal whims of yours go until Christmas vacation, which is less than two weeks off.

You will find, after struggling through all this work, you will really appreciate a vacation. You have worked hard this month, so have a Merry Christmas and come back for a bright new year of school.

SENIOR NEWS

Some seniors along with the other classes, had their pictures taken in school a few weeks ago. Result: Lorne Tiegs and LaVerne Burlingame plus scars plus long serial numbers -- two rough looking convicts.

The senior class have finished their prose and poetry books and have taken their last test on part of it on December 14th.

Gary Edwards and Lorne Bobbe had a little wager on the outcome of those test papers. It seems Lorne got the highest mark and as a result lost the bet. To get back to literature, we are now wading into Shakespeare's drama, "Julius Caesar." If Miss Onsrud were a radio announcer, she probably would say, "Will Cassius succeed in snarling Brutus in the conspiracy against Caesar? Tune in again tomorrow same time, same English room."

If you see Angela Heine walking around shaking hands and opening doors with her left hand, it's

probably because she'd like you to see that new Elgin wrist watch she received in the State 4H Contest.

It seems the Christmas spirit fell thick and fast on a lot of our senior girls and off they went to Aberdeen for shopping sprees (after school of course). After collecting Joan Retzlaff, Marilyn Hagel, JoAnne Kirmis, and Dulcie Bell, Jeannie Dobler propelled her puffing, roaring little "Austin" to the big city in the deep South to spend money to make some people happy on Christmas morning.

Have a merry Christmas and a blessed New Year everybody!!

KIDDIE KAPERS

FIRST GRADE NEWS

Many parents visited our room even tho' we didn't have school P.T.A. night. Interesting comments were made concerning our "Home Unit". This project will now be extended to include Christmas in the home.

Cynthia Rollo, David McCreery, and Marcella Waltz are one year older than when the last news notes went to press.

In our grade if one chooses to have a treat (gum, candy or cookies) during school hours, he must bring some for everyone. The following people have passed their treats at story hour: Judy Jean Bruce, Charles Rowe, Cynthia Rollo, Mary Jean Genter, Dorothy Lewis, Joyce Robb, Richard Ackerson, David McCreery, and Kathleen Oster.

The third regular meeting of the first grade mothers was held December 2. Library reading work and how a parent may help his child, time children are expected to arrive at school and ways of eliminating tardiness, and plans for observance of Christmas in the first grade room were the main topics of discussion.

Miss Newberry gave some very helpful and interesting comments on the general reading program. Christmas Carols were sung while the mothers of Judy Jean Bruce and Richard Ackerson prepared and served a delicious lunch of sweet rolls and coffee.

FIFTH GRADE NEWS

Newly elected officers for our grade are the following: president, Jimmy Clarke; vice-president, Mary Elaine Crabtree; and secretary, Patty Wallace. Retiring officers in the order named above are Lennie Crabtree, Bobby Schook, and Sandra Myhrum.

Jimmy Weber enrolled in our room recently. He had attended a rural school in Kisslingberry District near Ashley, North Dakota. This brings our enrollment to thirty-one. Welcome, Jimmy!

Those who signed our register on the night of open house are as follows: Mrs. Frances Schook, Mr. and Mrs. Geo. Winters and son Stan, Mrs. Harriet Crabtree, Mrs. John Schook, Mrs. A.G. Houghton, Mrs. Geo. Staley, Mr. and Mrs. Clark Gillespie, W.B. Myhrum, Mrs. R.W. Clarke, Mr. and Mrs. Bell Heinrich, Mrs. J.E. Ackerson, Mrs. Jacob Bertsch, Mrs. Ben Franz, Mrs. Irven Gesme, Walter Coffell, Mrs. Hertha Hartman, Mrs. Mike Morgan, Mrs. Laura Vix, Mr. and Mrs. Clifford Fox and sons, Mrs. Alden Lewis, Mrs. Walter Oxenrider, and Mrs. Senn Slemmons.

SEVENTH GRADE NEWS

The seventh grade enjoyed their Thanksgiving party very much and are planning something for Christmas now.

The boys of our grade are having basketball now and we have the following cheerleaders: Sharon Stahlecker, Lois Bell, Rosalie Schaller, Katharine Robinson, and Karen Klein.

The name of our Y.C.L. is the Mighty Midgets, and so that is what we call our team.

As an English and Y.C.L. project this past six weeks we put out a newspaper, the Midgets Messenger and we sold 50 copies.

Our Y.C.L. officers for next term are: president, Loren Crabtree; vice-president, Rosalie Schaller; secretary, Janice Evans; treasurer, Dennis Dahl. These officers will serve for three months.

We have been busy in our spare time decorating our room for Christmas. Some of the boys brought houses, snow, and a fireplace. Our room is beginning to look very nice.

We hope you all have a merry Christmas and a happy new year!

FOURTH GRADE NEWS

We have been very busy getting our room ready for Christmas and practicing for the Christmas program. We surely enjoy the new song Mrs. Hill has taught us to sing.

The people that had perfect attendance last six weeks were Priscilla Amstutz, Winston Bell, Carol Bobzein, Dennis Bollinger, Ronald Devitt, Dale Edwards, Gerald Fox, Lorna Haberman, Billy Martinson, Johnny Martinson, Elizabeth Mehl, Brad Nelson, Sandra Neuman, Ricky Rime, Raymond Townsend, Rodger Vix, Mike Wallace, and Donna Weispenning.

THIRD GRADE NEWS

Our class has organized a club called "Busy Bee Club" and has elected the following officers: president, Ryland Syverson; vice president, Joey Volz; secretary Judy Spitzer.

Every week we nominated different people as room monitors.

Marie Jundt had a birthday last week and treated the class with a Dixie cup and cookie each. Her aunt, Mrs. Schueffele, brought the goodies.

We are happy to be able to sing in the all-school Christmas program. This is our first year in the program.

SIXTH GRADE NEWS

Those having perfect attendance last six weeks are Tommy Ashmore, Donna Gesme, Dennis Hasz, Dale Heipler, Merton Judkins, Wayne Moorehead, Kathleen Nelson, Edwin Sand, Harry Scheuffele, Sandra Schlenker, Sharon Spitzer, Sheila Volz, Freeman Watson, and Sandra Weispenning.

Sheila Volz and Sharon Spitzer had perfect spelling lessons last six weeks.

We have been painting with a new kind of paint. It is lots of fun and something we can all do. The boys are really enjoying their basketball. They have elected cheer leaders for the year. They are Doris Clancy, Sheila Volz, and Wayne Moorehead.

We have started studying the U.S.S.R. in geography. So far we have discussed the size of the country, some of the cities, and the railroads.

Mrs. Rolla DuRand came over one afternoon and gave us a very interesting report on Germany. A talk by someone who has been in a foreign country brings it closer to us. We realize that we are studying about something real, and not just words in a book. Thank you, Mrs. DuRand.

We have organized a Y.C.L. The president is Dennis Stucker; vice-president, Merton Judkins; secretary, Sheila Volz; treasurer, Curtis Neumann.

SECOND GRADE NEWS

The second graders are having fun getting ready for Christmas. Angels and cribs decorate our bulletin board. On our windows we have Bambi, snow men, and Christmas trees. All the children have made large free hand pictures. The children enjoyed Peggy's Santa and reindeer.

We are making presents for our mothers. I wonder how many children will keep these as a surprise. We are going to wrap and mark the packages "Do not open before Christmas".

Some second graders have been tardy too much. We hope they try harder in the future to get to school on time. Those who were not tardy the first week in December are Louise Achenback, Forrest Bell, Timothy Fox, Judy Gackle, Max Gerling, Peggy Harm, Linda Kurth, Janice Mehl, Melvina Olson, Royalyn Rollo, Marcia Sizer, Dick Heipler, and Leona Radke.

We plan to have our Christmas tree up by the 11th. We are going to have a big surprise standing by our tree. We hope to surprise every one, including you.

Highlights on Sports

On Friday, December 5, the Cards invaded the territory of their arch-rival, Oakes. The boys played good ball most of the way through the game, but a lack of rebounds along with some careless passing spelled defeat. The game was closely played all the way with the Cards holding a 22-21 lead at the halftime, but at the end the hot shooting Oakes team pulled ahead to leave the final score at 52-48. Ned Leiby again topped the scoring for Ellendale with 22 points, followed by Gary Edwards with 13.

SOPHOMORE NEWS

The girls ended their unit of cooking at the N.I. with a turkey dinner. The meal consisted of turkey, dressing, potatoes, gravy, cranberry salad, creamed peas, refrigerator rolls, tomato juice, pickles, relish, milk, coffee, and pie. There were turkey place cards and a centerpiece made from leaves, fruit, and nuts. Our guests were Mrs. Hollo and the Misses Fritch and Fox, our teachers.

The class have now started a unit in sewing under the direction of Mrs. Hollo.

A class meeting was held on December 3. If there are enough hayracks available, there will be a hayride party. The date has not yet been set.

Paul Hagel, James Brandenburger, Lloyd Erdelt, Melvin Avery, and Alvin Nicholson made the "B" squad and Dick Schonberger made the "A" squad in basketball. Congratulations, boys.

FRESHMAN NEWS

The other day in general science Mr. Isachsen was looking for the curve of one of our unit tests. June told Dorothy to lend him one of hers.

Section I of the freshman home ec. class are taking cooking at the N.I. The other section is sewing at this time.

Rosemary doesn't appreciate other people reading her notes, because she stuck Monte with a pencil for trying to read one the other day. The cheerleaders really look nice in their new white sweaters and black skirts. They did a swell job over at Oakes Virginia was hoarse for several days afterwards.

Sharron has suddenly joined the Boy Scouts. I wonder if P.H. has anything to do with it??

A mighty senior has been eyeing a lucky frosh girl. In fact, she's even wearing his class ring.

The Cards journeyed to Jamestown to open their season against St. Johns, and came home on the short end of a 65-39 score. The boys just seemed unable to get going in the small gym. Gary Edwards fouled out in the early minutes of the second quarter. Ned Leiby and Harlen Stahlecker were the top scorers with 14 and 12 points respectively.

There would be a lot of plain looking clothes if there weren't any jewelry. Accessories add a lot to clothes; they seem to give clothes that extra sparkle. I think most of the kids around here are aware of that. Here are some of the pretty accessories that have caught my attention: a pair of pins and matching bracelet that Anna Mae proudly displays, a pin that JoAnn Kirmis claims is home made, a trio set of rhinestone pins Marilyn Hagel owns, a bracelet set with moonstones that Mary Ann has. Luella Hall has a locket with Los Angeles written on it that is pretty, a gold chain bracelet that Joanne Retzlaff wears is also very nice.

The boys seem to stick to their class rings or any other rings they happen to pick up. I think some of the boys get their rings too small though, since they have to wear them on chains around their necks.

Even the teachers seem to be jewelry conscious. Mrs. Strand has several matching sets of ear rings and necklaces that are very nice. Miss Onsrud has some of the prettiest flower pins I have seen. Mr. Melby carries his music theme out all the way. He has a pair of gold music-note cuff-links that are really nice.

This is all for this time. See you after Christmas. Hope Santa brings you every thing you want. MERRY CHRISTMAS!

HONEST

Ned!! Where did you get that ill-fitting Black Hills agate? Explanation, please, or should we contact Betty H.?

That adhesive car you see buzzing around did undergo a major operation, for it seems that Anna Mae was complaining about the drafts in her flame's car, so Gary quickly remedied that. How? He got out the adhesive tape and plastered everything shut! It's surprising what useful purposes Gary can think of for tape, isn't it, Anna Mae?

An authority, alias F. H., told us that Cliff had four flat tires the other night. Frank just happened to drive by and see them.

Mazzie, in her rush and flurry to get to Frederick last Friday night, had a flat tire. Bet if you were hauling nine heavyweights, miscle-bound women around you'd go poof too!

Old E.H.S. was really in an uproar when those beloved "likenesses" were passed out. They were all good pictures, but too many egotistical people just couldn't believe that they really looked like THAT, so back they flew to the photographer. Some of our fellow seniors had their profiles taken with their cell numbers posted in front. Very natural, boys!

Bobbe, do you like chocolate ice cream? Or are you always such a messy eater?

Marvin Babcock and Larry Gatz tangled with a smelly SKUNK the other day and didn't bother to change their "saturated" clothing. You sure did stink, boys!

Norman, where did you lose your class ring? I think I saw it on a frosh's finger. Could it have been Rosemary Bobzien who found it?

Five ambitious senior girls took off for Aberdeen one night in Jean's monstrous Austin. What happened? Well they got back okay, didn't they?

I'll close with the question of the week (or year)--"Does the Bell Telephone Company have liability insurance on their poles?" Calvin Dathe MAY have the answer.

JUNIOR NEWS

A going away party was held for Bob Schonberger, December 9, at Bob's home. Bob has joined the Navy and will be leaving in the near future.

Say, Betty B., who is that northern gentleman who has been coming to see you pretty regularly I'd say that is a nifty class ring you're wearing.

In American history each table has been assigned a certain project to work on instead of having pop tests. It seems as if everyone likes the idea.

DISTRICT TEACHERS' WORKSHOP

The winter meeting of the Dickey LaMoure N.D.E.A. Local was held here in Ellendale, Thursday, Jan. 8. The meeting opened with a dinner held in the small gym. After the dinner the meeting was adjourned to the senior assembly where President Erickson of Edgeley presided. The main speaker of the evening was James Mathisen from Grand Forks, who spoke on "Guidance throughout the School."

After the general meeting, sectional meetings were held with different teachers in charge of each group. From Ellendale Mrs. Lee Townsend led in the intermediate discussion, Mr. Loren Johnson had charge of the Junior High School discussion, and Mina Onsurd led the English section.

Special entertainment during the meeting was provided by the Ellendale Saxophone Quartette consisting of Luella Hall, Jerry Lutt, Aldine (Bickey) Kirmis, and Carolyn Pierce and the Boys' Octet made up of Paul Hagel, Ned Leiby, James Billey, Randy Rime, James Zimmerman, Kenneth Mattheis, Dick Schonberger, and Douglas Bell. A sixth grade group also sang a number.

On January 17, Mr. Ingvalson sent a check for \$24.31 to the State Superintendent of Schools. This amount was the total amount of money collected for the Crusade for Freedom and represents our help to fight Communism around the world.

The fourth grade was the highest contributor of those donating. They gave \$5.12 to the fund.

Congratulations are in store for Carmen Phillips. She is doing a wonderful job twirling. Keep it up, Carmen; you're going places.

Ten juniors are taking bookkeeping the second semester. Victor Steinwand is the instructor.

EDITORIAL

I never thought that the time would come when I'd have to write on the conduct at pep meetings. The conduct of some people is good. Then there are the know-all, do-all and accomplish-nothing kids who wise off, push, and make a general nuisance of themselves.

Our cheerleaders try to lead the students; but how do you think they can do it? When you go to a pep meeting, the responsibility of your conduct falls on the cheerleaders. If you can't be quiet, listen, and then yell when told to, there will be no more pep meetings!

You don't have to be told what will happen when the team knows you aren't supporting them. So, instead of going to pep meetings to have fun, think of it as going to support the team.

The referees are just plain guys, like you and your neighbor. You don't boo your friend and call him names if he tries to do his best. He is working for you as much as he is for the opponent. There has been this tendency, so let's nip it in the bud. We want to be good sports all the time.

NEW STAFF

The senior class elected new members to the Cardinal Staff, January 12. James Billey was re-elected as Cardinal editor and Norman Stahlecker as assistant editor. LaVerne Burlingame replaces Douglas Bell as feature editor, and Evelyn Fleming replaces Angela Heine as senior reporter. JoAnne Kirmis is the new business manager, and replaces Joanne Retzlaff. Marilyn Hagel and Dulcie Bell were re-elected as typists and Luella Hall was elected to replace JoAnne Kirmis.

The new Cardinal "crew" is in full swing now, and we wish them every bit of success for the remainder of the year.

Senior Interviews

On October 20, 1934, at Britton, South Dakota, Franklin Heitmann came into this world. This same little baby is now 5'11 $\frac{1}{2}$ " tall, has black curly hair, and brown eyes, and isn't little any more. By stasching away his favorite foods (mashed potatoes, gravy, fried chicken, and cheery pie) he is now a BIG boy. But he still likes to sleep—his favorite pastime—so he can play football—his favorite sport. Frank is crazy about "Scaramouche", "Fire of Love", John Wayne, Betty Hutton, and "Abraham Lincoln."

Bragging people seem to be his pet peeve. His ideal girl is 5'4" tall, has brown hair, blue eyes, and a pleasing personality. Frank is going to spend his future looking for rich women.

What mighty senior is 5'9", has blonde hair, green eyes, and was born May 1, 1935, at Geneseo, North Dakota?

Haven't you guessed yet? Here are some more clues: She (yes, it's a girl) attended schools at Wano #2 and Edgeley before moving to our town in 1950. Any kind of meat rates tops on her favorite food list. More favorites are the movie "Carrie", Jeff Chandler, Maureen O'Hara, "Gone With The Wind", and "Outside of Heaven". She's a whizz at skating while basketball and volleyball are high in her sports interests too. People who untie her shoes strings get her goat!

Don't you know who it is yet? You can find her at her favorite pastime any time—gabbing! (probably in the cloak room.) She's another doll who likes to tickle the keyboard for her hobby.

Her hero must be 6' or over, have dark brown hair, and be athletic, and she prefers him in the air force. The future will probably find her in college and perhaps later teaching phy. ed. and music.

This mysterious character is none other than the ever popular JoAnne Kirmis.

INQUIRING REPORTER

When I started on this assignment, it seemed as if very few had made New Year's resolutions, especially girls. I wonder if the attitudes won't change after we've looked at our report cards and especially after our parents have seen them. Did some of you forget your resolutions so soon, because it surely took you a long time to think of them. Tsk! Tsk!

Here are some who've at least tried to turn over a new leaf:

CONT'D ON PAGE 4

Yvonne Lou Hattlestad was born February 13, 1936 (almost a valentine!) at Britton, South Dakota. She is 5'2", sports black hair and brown hair. Farming Valley #2 was the beginning and end of her grade school education. This little gal loves fried chicken, mashed potatoes, and gravy. "The Anniversary Waltz", "Count of Monte Cristo", and volleyball are favorites of Vonnies too. To pass time she can always be found reading or talking or maybe plinking at the piano—her hobby. People that have two faces "get" Vonnies, so you people had better watch out! The man in her life must be friendly, good humored, and a gent that can make her angry! "I'll probably go to college and maybe even teach," she says.

Angela Rose Heine, who's 5'7", and has black hair and brown eyes, first saw the light of day Dec. 7, 1934. Farming Valley #3 was the first school she attended. Strawberry malts and beefsteak are the main foods eaten by Angela. "The Yearling", "Showboat", "It's A Grand Night For Singing", Jane Wyman and John Wayne are all regarded with special affection. Chemistry peevs her very much, while 4-H work, sewing, or skating pleases her. Hobbies include drawing or piano playing. Sports find her patronizing basketball and swimming.

Angela's ideal man is 6'2" with dark hair. He is big and good looking, and he sparkles. She says she needs them big!

Future plans or hopes are to attend Concordia College in Seward, Nebraska.

FRESHMAN NEWS

There were feathers flying after school on Wednesday because Delbert Jury wouldn't even wave to Jeanette. Better luck next time you see him, Jean.

Eliza Feist has been sick for several weeks but is now back in school.

Three freshman girls have been seen with three sophomore boys quite often.

Several people have been sporting new outfits since the holidays; for instance, Nona's new blue sweater and skirt really look swell and also Donna Lea's green and rust sweaters.

The boys in shop are starting work on plastics. Some are making rings while others are making letter openers.

SOPHOMORE NEWS

The sophomore class had a hayride party some time ago. After the ride a lunch of pop and cupcakes was served in the little gym.

Several of the sophomore girls helped serve at the banquet Monday, January 19.

FOURTH GRADE NEWS

We all enjoyed our Christmas vacation very much and have gotten back into doing our school studies in full swing.

In our study of Eskimos we have learned the many things they do because it is a custom and also must do because of the cold climate they live in.

We are very glad to be living in North Dakota and not in Eskimo Land where they eat raw meat and wear the same clothes day and night.

We have colored pictures of some Eskimos and made a poster. Now we are drawing free hand polar bear posters.

It has been a lot of fun reading our new health books. The title is "Good Health Is Fun."

The people that had perfect attendance last six weeks were Priscilla Amstutz, Franklin Bell, Winston Bell, Dennis Bollinger, Gerald Fox, John Allen Gebhardt, Lorna Haberman, Alton Heib, Billy Martinson, Elaine Molm, Brad Nelson, Raymond Townsend, Bonnie Van Dyke, and Roger Vix.

Billey Uecker was the only one who had a perfect arithmetic paper in our six weeks test.

Billey Martinson, Elizabeth Mehl, Brad Nelson, John Redlin, and Bonnie Van Dyke rated a 100 score in our six weeks' geography test.

Elfie Holmes and Alton Heib moved away and are going to another school now. Elfie moved to Minnesota and Alton to Mobridge, S. Dak. We are going to miss them very much.

FIFTH GRADE NEWS

Jayne Cofell, Jimmy Clarke, Karen Fox, Charlene Gillespie, Orlin Hartman, Gary Heinrich, Sandra Myhrum, Robert Schook, Bontia Vix, and Betty Jean Bertsch were neither absent nor tardy during the third six week period.

Jimmy Clarke, Karen Fox, Sandra Myhrum, and Robert Schook have perfect attendance so far this school year.

Exempt from the test for having perfect lessons in spelling this period were Jimmy Clarke, Bernice Crabtree, Mary Elaine Crabtree, Barbara Staley, Bontia Vix, Janice Winters, and Patricia Wallace.

We began our health books this semester. Our science has been completed.

To honor Dennis Ackerson, who is moving away, Orlin Hartman treated the class to ice cream today.

We are planning to have a little party for Dennis tomorrow. Dennis is moving to Redfield, S. Dak., with his parents and brothers. We are sorry to see him go and will miss him very much.

SECOND GRADE NEWS

This month we are learning about Eskimo land. We are studying about Eskimo homes, food, clothing, and the work they do. We find they are happy and busy people. Small children help with the work too. We have made large drawings of Eskimo scenes in color. Charles Comstock is making an igloo at home. May we visit your Eskimo house, Charles?

We received a card from Gene Redlin, who is on vacation. He writes he visited Washington, D.C., and is now in Florida. We know he will have many interesting things to tell us when he returns to school.

The following have perfect attendance for the past six weeks: Charles Comstock, Barbara Finney, Timothy Fox, Peggy Harm, Karen Heinrich, and Larinda Scheuffele.

THIRD GRADE NEWS

We had our second Weekly Reader test last Thursday. Pamela McCrory had a high score of 59 out of a possible 60. Many others scored close to that.

James Walsh has been absent the last two weeks because of illness. We are happy to have James with us again.

Janice Phur, Joey Volz, and Glenn Gress all brought treats for the class. We certainly enjoyed the cookies, candy, and gum.

The sixth and seventh grade boys will play basketball January 27 for the preliminary game.

Those having perfect spelling grades this six weeks are Loren Crabtree, Lois and Leonard Bell.

Ronald Ackerson is leaving our grade to move to Redfield, S. Dak. We are planning a going-away party for 3:30 Tuesday afternoon. We are sorry to see you go, Ronald.

With the end of this six weeks, we finished the study of India, Thailand, and Indo-China.

The people from our room who have been eating hot lunches at school think the food is very good and we want to say, "Thank you, Mrs. Olson!"

We have finished our health books and are looking forward to our science.

The sixth and seventh graders are planning another basketball game scheduled to be held January 27. There is a great deal of speculation as to who the winners will be. The sixth grade won the last game.

We received a letter from a sixth grade student in North Carolina. Sheila Volz, our Y.C.L. secretary, answered the letter. We do enjoy hearing from students of other states.

Mrs. Hill has been playing some records for music appreciation. We have listened to records from the Nutcracker Suite, Grand Canyon and Peer Gynt Suite.

We listened to the inaugural address in place of our history class. It is the first time we have heard the inauguration ceremony and we found it very impressive.

Strand, and Charles Trei.

Sports

Norman Stahlecker, the newly elected captain of the Cards, led the team to victory by racking up 12 points against Kulm Monday, January 19. Ned Leiby and Harlen Stahlecker were right behind Norman with 11 and 10 points respectively. Using a fast break, the Cards held a 21-point lead at half time. During the remaining quarters, the Cards showed great fighting spirit. They held the Gophers to 27 points. The final score was 45-27.

The Cards out-paced and out-played the Edgeley Rangers to bring their standing in the conference to fourth place. They now have a .500 average. Ned Leiby led the Cards with 19 points. He also shot eighty percent on his field goals. Harley Stahlecker was second with 13 points. The final score was 52 to 38.

The Cards chalked up their first conference victory of the year by defeating LaMoure 43 to 38. Although they were somewhat handicapped by the small floor, they outscored the LoBoes with Harley Stahlecker leading the Cards with 15 points. Dave Gentskow was high point man for LaMoure.

SENIOR NEWS

The seniors have finished "Julius Caesar" and have found out that to be loyal to a friend who passed on, you must take your own life!

Each member of the class has chosen some subject of particular interest to him for his research unit. Some subjects which have been chosen are the countries of Poland, Russia, Mexico, France, Sweden, Norway, Korea, India, China, and many others. Others have chosen such topics as NATO, United Nations, Farm Organizations, Labor Unions, Religion, and Race Prejudice. We have obtained material from the State Library Commission, the N.I. Library, the Public Library and our own school library.

Seniors! Don't forget, those graduation pictures must be taken soon, and also your class dues must be paid.

CONT'T FROM PAGE 2

Pat Ashmore - "More girls for me in '53." Watch out for this one—he's poetic.

Vrigril DeWald - "Quit flitting with girls." We will miss it. Are the boys ever in for it!

Shirley Merkel - "Get better grades in school."

Marlene Morgan - "Study harder." Especially true after the semester.

Lorne Bobbe - Just made it clear that his were good ones. Beneficiary, no doubt.

Kenny Mattheis - "Be an A student and not make any more resolutions."

FADS

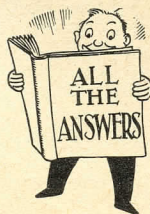

Allowing my drooping eyes to drift around assembly Monday morning, I focused my eyes on—ye gads! a BULL! No it's the Matador! Wrong again—it's Frank and his bright red shirt. Now what's this propelling itself up the aisle? Why it—it seems to have the charm of Fernando Lamas. I really must get a better view of this. Why it's New Shirt Norman, the glamour boy of Ellendale high school for 1953! Take it easy, Norm, before the boys chain their steadies to their desks. While I'm still in the complimentary mood, I should like to throw some well deserved compliments to Gary E., with his gray storm coat, matching hat, Anna Mae D. and her assortment of --?—well, I guess everything would identify that quite successfully.

Also Betty Olson with her very shiny, silver bracelet, and all the kids who seemed to have benefited by the Christmas season.

LUNCH HALL NEWS

The hot lunch program is moving along quite well, with the exception of a couple of times, when there was a shortage of food. This was caused by a misunderstanding.

We form a line, (if you are lucky you get down to the main floor before you reach the end of the line). Then we file down the stairs very quietly and get our tickets punched. Then comes the food. After jalf collapsing all the way down the stairs from hunger, we finally reach our destination. We receive our plate all dished out for us and are handed our silverware. Then there is a scramble for the few seats left. After eating, and waiting for the smaller children to pass out, we march past the table and leave the dirty dishes in one pile and the silverware in another. All in all it is very good training and someday we may all be good housewives.

"Chuck" Bergland - "not going steady until the first one comes along." Girls! Girls! Girls!

Gary Stucker - "going to bed early in the morning." What will her papa say?

Jerry Lault - "Get up at 5 o'clock so I'm awake by eight for band."

Dulcie Bell - "Lose ten pounds before graduation."

Gossip

JoAnn W. requests everyone to honk the horn twice whenever they come out after her! It seems that she really had a scare last Thursday night.

I think Mrs. Olson deserves a big round of applause. She really can cook and what's more, she's been proving it.

Our team is showing what they can do. We all knew you could do it, boys! Keep it up.

I hear most of the seniors have just about completed their research units! Can there be any truth in this?

I nearly faded away the other day. I saw Frank reading an encyclopedia and he really seemed interested!

The Aberdeen theaters surely are populated with EHS students and their dates on Sunday nights. There were six couples down there one night.

Extra!! The Halls are thinking about adopting two certain persons. Dawn is one, as she and Lou are always together. Who could the other one be?

Priscilla and Jack are a new twosome and so are Patty and Virgil. A certain NI laddie, O.B., has his eye on one of our senior twins. I don't mean Doug either.

Dorothy Schaller has a ring that is slightly large for her. Maybe Dick S. can tell us more about this. Gosh, Carolyn! Santa won't visit you until March or later, will he?

A little "boidie" told me that Beth may not be going to college! An NI laddie says that she won't be needing it for her future.

Say, Elden, what are those things dangling from the sides of your boots? Are they ever used?

EIGHTH GRADE NEWS

The second semester will consist of these subjects: in place of geography we will have science, in place of English composition we will have "Prose and Poetry For Adventure." In place of American history we will have "Our States."

We are glad to see Bobby Babcock back in school after his recent illness. We are proud to have two players on the "B" team in our room: Bobby Hagen, who has scored about forty points in the five games the "B" team has played, and Billy Ashmore, who has made four points in all the games. Bobby Hagen, Helen Beaver, Mary Jo Hall, and Joan Judkins have a perfect attendance for the first semester. In science this semester each of us is going to work on a project and take notes in class to get ready for high school. We are glad as the pupils of the eighth grade to have a fine Jr. Hi. faculty. Everyone is going around these days with these words on their lips: "Did we pass?"

INQUIRING REPORTER

This is a question that is asked by many of our teachers, if not aloud, then in their minds. Who can blame them, for is there anything more irritating than sitting beside a person that is chewing away at a hunk of gum? Here are some of the students' reasons: Loren Tiegs: "Because teachers don't like it." This won't help either. Jim Brandenburger: "It quiets my nerves." Is geometry that nerve wracking? Myron Gerdon: "Everybody does it." IS THIS TRUE? Melvin Avery: "Helps me concentrate." On what, Helyn, or history? Darlene Fey: "Calms my nerves." What works her up so before science class? Donald Nelson: "Good for my teeth." What pearly choppers this buy should have. Right, Mr. Shelver? John Crabtree: "Because Siegler gave it to me." This doesn't bother Mr. Shelver as much as Russian peanuts, does it, John and James?

SPRING PROM

Plans are getting under way for the Junior-Senior Prom to be held Thursday, May 14. The class voted on a theme and decided on a Parisian setting. John Taylor's orchestra will furnish the music.

The class has raised money for the Prom through the concession stand at ball games, the Junior Class play, a bake sale, and the yearly dues.

According to Melvin Zinter, class treasurer, several students haven't paid their dues. Until these dues are paid, there will be an insufficient amount of money to meet expenses.

Naturally everyone in the Junior Class is looking forward to the Prom, as it is the biggest event of the Junior year.

BAND CONCERT

The annual ELOE Band Festival will be held at LaMoure on April 10. Final plans as to who will be guest director have not been made yet, but Mr. John Seale of the Jamestown College Music Department is being considered.

All members of the Ellendale Band will be participating in the program. Selections to be presented are "America", "Thunderer", "Prince and Pauper", "Highlights from Porgy and Bess", "Little Suite for Band", "Crusade for Freedom", "Blue Tail Fly", "Four Episodes for Band", "March of Youth", and "The Star Spangled Banner".

Each member of the ELOE Association will present a special number. Ellendale will be represented by Kay Crabtree, who will play a clarinet solo.

Sports

The Girls' volleyball team was chosen Tuesday, March 10, with the following members: Marian Zinter, Angela Heine, Jo Ann Kirmis, Joan Retzlaff, Connie Burow, Jean Dobler, Dora Ueker, Evelyn Fleming, Darlene Rexinger, Dulcie Bell, Dawn Combellick, Kathy Dobler, Betty Brandenburger, Lorretta Meidinger, Shirley Hill, JoAnn Woodward, Darlene Dathe, and Beth Ashmore.

The team has had two practice games—one with Edgeley, and one with Jakes. Sixteen girls will go to the tournament at LaMoure on Saturday, March 21. Jo Ann Kirmis was elected captain of the team.

The team hopes to see many students out at the tournament.

SENIORS TO PRESENT CLASS PLAY

On April 24, the Senior Class will present their class play, "The Whole Town's Laughing", a farce in three acts by Robert St. Clair.

The plot is centered around Douglas Brien-Moore (Gary Edwards) of a very wealthy family until the props are knocked out. Then the family are the joke of the town until Douglas turns the tables and gets back on his feet.

Other characters are Angela Heine as Margaret Brien-Moore, the society leader; Douglas Bell as Chester Brien-Moore, a little spend-thrift; Jean Dobler as Doris Dutton, the daughter of a banker; Jo Ann Kirmis as Polly Dutton, the banker's widow; Carolyn Pierce as Innes McGuire, an old Irish friend; Joan Retzlaff as Sarah Edwards, the maid of the household; Wayne Cherney as Geoffrey Lamont, one who causes a lot of trouble; James Billey as Larry O'Brien, a Polly Irish bachelor who got run out of business; Marilyn Hagel and Dawn Combellick as Clara Belle and Mary Ellen, two girls who flung hot dogs in Larry O'Brien's stand; LaVerne Burlingame and Yvonne Hatlestad as Count and Countess De Jong, two sinister characters.

SPEECH

Edgeley was the scene of the 1953 E.L.O.E. speech festival. The event took place on March 12, and four girls from Ellendale High School were entered. A skit, "A Few Words," was given by Mary Ann McClellan and Blondell Zimmerman. Dawn Combellick gave some verse readings. Two of the poems she gave were original contributions of Jo Ann Gesme and Myron Gerdon, both sophomores of E.H.S. Angela Heine gave an original oration, "America is Everybody's Business." This oration won first place in the state last fall. Ellendale's speech coach was Miss Onsrud.

After the festival, the participants and coaches were entertained in the home economics room and were given constructive appraisal of the program by Mrs. Clara T. Ingvalson, director of speech at the State Normal and Industrial College.

Senior Interviews

A cute lass with light brown hair and blue eyes who now stands 5 feet 3 inches was born March 4, 1936, at Edgeley, North Dakota. The Olsons named this girl Betty, and she attended school at Willow Bank #3, Berlin, and finally at Ellendale. Betty likes home economics, swiss steak, Doris Day, Gordon Macree, and the movie "Show Boat". About Betty's favorite boy she just says, "Guess!" Now I wonder who that would be? Betty's future just might include this senior boy, but for the most part she's just undecided.

Carolyn Pierce was born on June 16, 1935, at Ellendale. She grew only 5 feet and 2 inches and has hazel eyes and red blond hair. Home economics stands way up on top as Carolyn's favorite subject and she also likes "The Robe", glorified rice (a food!) "Qvo Vades," "Don't Let The Stars Get in Your Eyes" and a 5'8", brown haired, blue eyed boy who is athletic and a lot of fun (she informs me). For a pastime Carolyn says she does a lot of letter writing, Korean bound! In the future she plans to major in home economics and then—well, who knows!

Elden Reinke first saw the light of day at Monango, North Dakota, on February 11, 1934. "Al" is 5 feet 10 inches tall and has blue eyes and brown hair. This genial fellow likes a pastime of eating and drinking and listening to popular music, especially Johnny Ray and the Ames Brothers. Elden likes all his subjects at school, but ink bottles flying back and forth in assembly peeves him. He likes the movie "Vengeance Valley" and Bert Lancaster's and Jane Powell's acting. Al would like to find a brunet girl who is about 5 feet 4 inches tall and a lot of fun. Maybe such a gal would fit into his future, but he says he can't decide anything about his future until Uncle Sam gets done with him.

"A bonny lass of 5-5 with light brown hair and bright green eyes" was born in Ellendale and attended all 12 years of school here. Joan loves any food except rattlesnake stew and frogs legs. (my goodness!) She is an ardent sportsfan and puts swimming at the top of the list. An ideal boy, says Joan, would have to be a 6-2, blond-haired, blue eyed fullback. Items like "Pandora and the Flying Dutchman," "Forgive Me," and the acting of Ava Gardner and Stewart Granger please her very much, while folks who ask questions when they already know the answers (teachers) peeve her. Joan is undecided about the future but is certain that college will take up part of it.

It was a bright day for Merri-court, North Dakota, on November 22, 1934. This is the day DeForest Rall was born. He grew to a healthy 5 feet 10 and somewhere along the way acquired blue eyes, brown hair and a set of football shoulders. "Frosty" names law as his favorite subject and also craves any kind of food, "Keep It a Secret," "The Outlaw" (a movie), the acting of Audie Murphy and Jane Russell and last but not least, brunet gals who are about 5 feet 5, intelligent, and witty. For a pastime DeForest enjoys "resting at Pancho's" and of the future he says simply, "The Lord only knows."

On Mar. 25, 1935, Ray Pomplum first made his appearance. He attended school at Farming Valley #1 and now, as a full fledged senior of Ellendale High School, stands 5 feet 11 inches. Ray has dark hair and blue eyes and that's just how he'd like his girl, only a trifle shorter. Ray likes the following items and names then as favorites: beef steak and all the trimmings, "Show Boat", mathematics, Johnny Ray, baseball and reading. In the future Ray will probably enter pre-theological college at Concordia, Saint Paul.

JUNIOR NEWS

The junior class held a meeting Friday to discuss the Junior-Senior Prom. The theme is "Parisian". Ned Leiby has named the committees and the chairman of each group. They are as follows: Ned Leiby, general chairman; decorating committee - Mr. Shelver, faculty adviser, Delbert Nelson and Karen McShane, co-chairmen, Melvin Zinter, Mary Anne McClellan, Anna Mae Davis, and Barbara Pomplum; program committee - Mrs. Strand, faculty adviser, Beth Ashmore, Chairman, LaPalma Ties, Keith Noess, and Shirley Hill; banquet committee - Mrs. Rollo, faculty adviser, Blondell Zimmerman, chairman, Katherine Dobler, Betty Brandenburger, Beverly Schaunemann, and Harriet Schaller.

An industrious little girl in our class received her Senior pin March 9, at the annual Girl Scout Birthday Party. In case you are wondering who it is, it's Shirley Aberle.

Everyone had better start thinking about prom formal if she hasn't already because the prom is only seven weeks away!!!

Come on, kids, let's get those class dues in. They must be in.

material to be put in the yearbook. If the schedule is followed, we will have the yearbook out before the end of the school year. Funds are needed, so pay your dues at once, if you haven't already done so.

Editorial

As I sit in this hard chair at my desk at the back in study hall, I think of the way I felt last summer after school closed. You probably had this same feeling about a month after school was out too. Because we are old enough, we have to work on farms, in stores, or at other places. The first thing that happens is that you miss your closest friends. They are gone and all you have to remember is the memories (good and bad) from your school days.

The point is that now you are in school and with your friends. Use this time to be friendly and gay and have fun but don't overdo it. School is a place to learn not only from books but from other people as well. You learn your classmates' character, likes and dislikes, and opinions. This will benefit your future life. School may be rough at times, but it is the only place where you can work, play and have fellowship under the same roof. Don't laugh about this or ignore it. Just think about it.--Isn't it true?

SENIOR NEWS

The seniors are very busy people these days. They have all had their pictures taken and have selected announcements and name cards.

The senior class has chosen the class motto, "Not for school, but for life we learn", the class flower, the yellow rose, and caps and gowns, gray with maroon.

The senior class play has been chosen and tryouts have begun. Practice will begin as soon as the cast has been announced. Let all remember even though they are not in the play they must all work to make it a success and not leave it all up to the cast. It is a class project and all should strive to make it a big success.

The work on the year book is now in full swing. All seniors are doing work on some committees, which are appointed by the editors. All deadlines have been set for

FIRST GRADE NEWS

We, in the first grade, have been quite busy these past two weeks. Our room is decorated with rabbits, which we made from circles we cut and pasted together, and with tepees that we have colored and pasted.

In health class we've been studying about breakfasts. We are learning through discussion what foods are good for breakfasts and have made a chart with pictures of these foods, which we have cut from magazines.

One of the things we have done in language was to talk about "How Father Helps Us" and we wrote a story about it, which we have on our board.

Attendance has been good, but we have had one case of chicken pox and some colds.

SECOND GRADE NEWS

We are getting ready for Easter. We have been making Easter baskets, eggs, chicks, and ducks.

We took down our store. It was fun doing arithmetic while playing store.

In reading last week our story was Hansel and Gretel. Gene Redlin was the witch. He read in such a strange deep voice he almost scared us.

Some of us eat our noon meal here. We enjoy the food. Sometimes during the noon hour we play school. Melvina Olson is usually the teacher.

We moved a desk to the front of our room. If anyone whispers too much, he sits in the quiet chair.

Our valentine party was fun. Everyone received loads of valentines. Linda Kurth brought surprise valentines, heart shaped cookies. Max Gerling gave us suckers.

Susan Crabtree tells me they made up a song all by themselves in music class. I think Mrs. Hill helped just a little, don't you?

Lloyd Trautmann has read forty-eight library books.

Max Gerling has the chicken pox.

Ray Fleming is back again. He has been going to school in Nampa, Idaho. We are glad to have you back, Ray.

Our student teacher is Miss Swanson.

FOURTH GRADE NEWS

We are very proud of the new books we have received for our library this year by winning the P.T.A. prize. The books we have are "Lief Ericson Explorer", "The Ghost Hollow Mystery", and "Pioneer Children".

The people who had perfect attendance last six weeks are Dennis Bollinger, Ronald Devitt, Gerald Fox, Delvin Franz, John Allen Gebhardt, Billy Martinson, Johnny Martinson, Elizabeth Mehl, and Elaine Molm.

In our contest last six weeks, the Globe Trotters won and the losers had to give the party.

In our arithmetic contest Bonnie Van Dyke, Billy Martinson, Elizabeth Mehl, and Rodger Vix won the prizes for receiving the highest scores.

We have chosen new sides this six weeks and are taking an airplane trip to the different parts of the world that we have been studying about in geography. Dennis Bollinger and Adam Bender are the pilots of our planes. Billy Martinson and Bonnie Van Dyke are co-pilots on Adam's side. Winston Bell and Donna Weispfenning are co-pilots on Dennis' side. The passengers in Dennis' plane have chosen Lakers as the name of their plane and the passengers in Adam's plane have chosen the name Rockets. At present the Rockets are ahead.

We are glad that Jerry Klein can be in school with us. He suffered a broken arm through an accident.

Those having perfect spelling lessons the past six weeks were Mary Ann Lewis, Wayne Morehead, Sharon Spitzer, Sandra Weispfenning,

and Sheila Volz.

Curtis Neumann went to Minneapolis as a prize received from the Minneapolis Tribune. While there he watched the Lakers play.

The grade basketball players are planning a tournament for next week.

We put on a puppet play under the direction of Miss Swanson for the seventh grade and a class from the N.I. Miss Newberry brought along a camera man, and some fine pictures were taken.

FIFTH GRADE NEWS

Perfect spelling lessons for the fourth six-week period were earned by Jimmy Clarke, Kay Gesme, Gary Heinrich, Bonnie Vix and Patty Wallace.

The Cards wound up the 52-53 season with a 7-5 conference record. The five losses were one to Oakes, two to Lisbon, and two to Enderlin. Getting off to a poor start, the Cards steadily increased in accuracy and teamwork. They were at their best in the Leola game, and also in the Kulm tournament, in which they took first place.

Demoralized by the loss of Captain Normen Stahlecker, the Cards dropped their first game in the District tournament to Edgeley. They came back and beat Kulm before they lost to LaMoure by one point for the consolation honors.

The Cards will lose only two players this year. They are Captain Normen Stahlecker and Gary Edwards, both regulars. The nine players that made letters this year are Normen Stahlecker, Gary Edwards, Harlen Stahlecker, Ned Leiby, Bob Jury, Larry Hagen, Tony Hagel, Alvin Nicholson and Dick Schonberger. James Billey earned a letter as student manager.

The scores of the games played this year are as follows:

Spring is just around the corner and a girl's fancy turns to --- clothes, of course. What else? With graduation, class night and baccalaureate the girls have been busy picking suits and dresses. By the descriptions I have received from some of the girls their outfits are really keen. Marilyn Hagel has a grey suit and has chosen pink accessories. Joanne Kirmis picked a light blue suit with white accessories. They are both very pretty.

I happened to pass a group of senior boys the other day and they have caught the fever too. They also were discussing what kind of suits they were going to get.

The Junior girls are all aglow about their new formals. The boys are thinking about their new suits.

With this nice weather we have been having no one seems to know what kind of clothes to wear. Don't let this warm spell fool you though. I heard we were in for more winter weather, so don't put those red flannels away yet.

EIGHTH GRADE NEWS

Gail Griffen and Mary Jo Hall had perfect attendance for the fourth period and Leland McClellan had a perfect spelling record.

We are all going to submit a project in science on something we have studied this year. One boy is going to make a model of the Garrison Dam. The eighth grade has a new reporter - Allan Bergland.

Well, the "B" tourney in Oakes proved to be good, with Ellendale taking third place. Bobby Hagen averaged 7 points a game. We are all looking forward to the Inter-Mural Tournaments starting Monday, March 23. We have started a new unit in arithmetic on geometric figures, such as angles, hexagons, and octagons. In Prose and Poetry we are starting Evangeline, a tale of Acadia by Henry Wadsworth Longfellow.

We all have been proud of Lorraine Watson, our B team cheerleader, and we hope she has another good year next year. Pay your library fines and dues.

SOPHOMORE NEWS

Several of the sophomore boys played in the district and junior high tournaments and gave a good performance.

The English class tried their skill at writing cinquains (five line poems to the uninform). Joanne Gesme and Myron Gerdon were lucky enough to have theirs read at the speech festival.

It seems a certain green pickup has a lot of trouble. Did you get cold walking that mile, Kay?

Some of the boys have made plastic rings. Very nice, but some of the colors!!! Speaking of rings, Dick seems to have gotten one that's a bit small for him.

Kenny Keller has joined the Air Force and is now in San Antonio.

FRESHMAN NEWS

A lot of senior boys have been making their appearance in junior high according to the ensigns some of the freshmen girls have on their rings.

Corrine Stephens moved to Alcester, South Dakota, a couple of weeks ago. We were sorry to see her leave but are hoping that she likes it there.

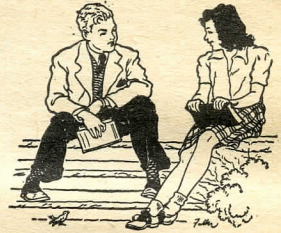

Mr. Isachsen is quite a magician. He changed a couple of dimes into nickels for us in general science. I'll bet he couldn't get by with that down at "Ray's".

Our science classes conducted a tour through the light plant. Just ask any freshman how it works and I'm sure you will get an intelligent answer.

Dorothy Schaller has been carrying around the most conspicuous thing on her finger. It has a skeleton head and even cross bones on it. I'd hate to meet her alone in the dark.

Virginia has been casting her eye towards the sophomore class. A certain lad by the name of Tony seems to be the attraction.

HONEST

Now for a look at the more complex side of life. It seems spring is doing a bang up job this year. Who do you suppose have paired off? Sharon Oxenrider and Myron Gerdon; Virginia Weispfennig and Paul Hagel; Angela Heine and Bob Berg; and Virgil DeWald, and---whoops, I guess Virgil is still looking.

I wonder what some of the senior high boys are living on since they were discharged from the hot lunch program. Couldn't be gold fish, could it, Frank?

Do my eyes deceive me or was that really Elden and Frosty sitting in the Kulm section at the tournament. Why I thought those two boys didn't even know Kulm existed. Could I be wrong?

There have been rumors that a certain senior might blossom out with a diamond for graduation. Guess who?

I wonder if a few of the volleyball girls are learning any new techniques in volleyball at the N.I. on Sundays. Or don't they go there to play volleyball?

Editorial

"Not for school, but for life we learn" is the motto of the Senior Class of 1953. It has a meaning that everyone in high school should remember. We are here to learn for life, not to please the teachers.

As I leave my post as editor, I would like to have this motto, "Not for school, but for life we learn", impressed upon the underclassmen's minds.

When we, the class of 1953, vacate our rows of seats, we open a new experience for the future seniors, juniors, and sophomores. To the seniors there will be the tremendous job of putting out an annual and a Cardinal (I hope). To the juniors there will be the biggest job of earning money to stage the annual Junior-Senior banquet and prom. To the sophomores there will be getting down to the tough grind of study and, of course, initiation.

And as a last remark, I would like to express my thanks to the grade teachers, class reporters, and Senior class for their fine cooperation in writing the news. To the typists and business managers go a special thanks from the editor. They are Marilyn Hagel, Dulcie Bell, JoAnne Kirmis, Joan Retzlaff, and Luella Hall.

Norman Stahlecker and I leave the staff with the hope that the Cardinal will have a bigger and better success next year than it did this year, and thanks, kids, for the fine financial support you gave us.

and Janice Winters also wrote very good papers but had spelling errors.

We extended invitations to our parents and friends to attend our spring program, Wednesday afternoon, May 6, in the auditorium. The fourth and fifth grades joined forces to put on "Hansel and Gretel"

adapted from the opera of Humperdinck and Wette by Berta Elsmith. The speaking parts were given by Winston Bell as Hansel; Donna Weispfenning as Gretel; Sandra Myhrum as Mother; Jimmy Clarke as the father. All the pupils took part in the operetta.

Senior Interviews

Darlene Rexinger was born in Los Angeles, California, October 24, 1935. Rexy likes the following items: spaghetti and meat balls, the song "Indian Love Call", the movie "Les Miserables", the acting of Audie Murphy and Esther Williams, and boys (or a boy) who are 5' 9" blond, blue eyed and very nice. Rex also loves to write letters, hitch hike, and swim. In the future this brown haired, blue eyed, 5'6" gal would like to enter the air force.

On February 23, 1935, a daughter was born to the Roeszlers near Ellendale. They named her Avis and she grew a whole 5'2" and came to have brown hair and blue eyes. Avis' favorite food is fried chicken, blueberry pie (and hold everything) chocolate ice cream! She also likes the movies, "Quo Vadis" and "The Great Caruso", baseball, and the hobby of singing and meeting people. Avis would like to meet a tall, dark, and handsome boy who likes music and all people in general. In the future "Abbie" would like to be a teacher or work in a mental institution.

SENIOR NEWS

The seniors have reached their last hours of high school enjoyment. I am sure we all have profited by our high school education. At times our teachers probably thought we were impossible, but I do hope they will forgive us.

The seniors have been very busy the past few weeks. The class play took up a great deal of time. The cast worked to make it a success, and I am sure they were well rewarded.

Many of the lucky seniors have received their graduation gifts early. Watches seem to be the most popular gift. Vonnie Hatlestad, Connie Burow, Betty Olson, Joan Retzlaff, Marilyn Hagel, Dora Uecker, Marion Zinter, and Lorne Bobbe, who has a self-winding one, are among those who are sporting the beautiful tick-tocks.

If you happen to see a group of senior girls all in a huddle you will probably discover the topic of such interest is their graduation clothes. From what I hear, many of the talented seamstresses are making their own clothes.

The seniors have received their cards and announcements. The senior memory books are flashing up and down the aisle trying to catch a few words from each classmate before we part.

It seems impossible that the day for us to go out in the world on our own is so near. I wish all the seniors luck and happiness in their future.

It was a cold February 27, 1934, when Normen Stahlecker first made his appearance at Merricourt, North Dakota. Norm grew to be 5'9½" and has blue eyes and dark brown hair. Some of Normen's favorite items are: mashed potatoes and gravy, "Three Came Home", Alan Ladd, June Allyson, basketball, driving, and the song "Rosalita" (I wonder why?). Normie has found his ideal girl. She is 5'3" and has blond hair and gray green eyes. Normen plans to attend college after graduation from EHS. Don't smirk around Normen, kids; it's his pet peeve.

Loren Tiegs was born July 28, 1934. Loren has blue eyes and blond hair and likes the following items: mashed potatoes and gravy, steak and pumpkin pie, "Yours", James Stewart, Elizabeth Taylor, basketball, and "Carbine Williams" (a movie). Loren doesn't like people who think they are something special. As to Loren's ideal girl he just says, "Guess Who!" I'm sure none of us could guess either!! Loren says his future is undecided. Wonder if this gal he found could have a part in it. Now there's food for thought.

Dora Uecker was born March 11, 1935, at Fullerton, North Dakota. Dora is 5' 1½" and has green eyes and dark brown hair. This little gal names the following as favorites: "I Believe", strawberry shortcake, and fried chicken, "Gone With The Wind", John Wayne, Jane Wyman, reading and sewing. Dora would like to meet a blue eyed, brown haired boy about 5'11". She doesn't appreciate people who constantly chew gum. In the future Dora plans to attend the N.I. and then maybe teach.

On February 25, 1935, Norman West was born near Ellendale. Norman likes any food. He names "Doggie in the Window" as his favorite song and also likes Marilyn Monroe, Alan Ladd, watching baseball, playing pool, and work (odd fellow?) Norman also likes tall, dark, and good looking girls. In the future Norman plans to--well, here's as far as we can go with this blue eyed, blond boy who is 5'11", because he doesn't know what he will do.

Marion Zinter was born May 20, 1935, near Ellendale. Maizie is 5'5" and has brown hair and brown eyes. Meat loaf and baked potatoes rate as her favorite foods. She also likes "April in Portugal", "Quo Vadis", Richard Widmark, June Allyson, dancing, roller skating, kittenball, and last but not least a boy who is 6'1", has black hair and green eyes. Maizie plans to attend the N.I. this summer and teach in a rural school next fall.

SEVENTH GRADE NEWS

The most exciting news in the seventh grade this month is that Lois Bell has been elected state president of the Young Citizens' League. At our county convention April 22, Rosalie Schaller presented our pages for the county scrapbook, on which we showed what our Y.C.L. had accomplished this year.

Ours was considered one of the ten outstanding records in the county, and this gave our campaign speaker, Lois Bell, the right to give her campaign speech, after which she was elected president of the county Y.C.L. This meant that she was the official delegate to Bismarck for the state convention May 1 and 2. There in the House of Representatives, she gave a report of Dickey County's activities and was elected state president.

Summer clothes are all out now and do the kids at E.H.S. ever have a cute collection of them! Luella Hall just strolled into assembly with a sweet sleeveless red dress. It is trimmed with white and she wears white daisies on the shoulder of it. You could stop traffic in a dress like that, Lou.

Summer shoes are another big hit! White ballerinas and barefoot sandals seem to be tops again. Some styles never go out of fashion. For sports wear take a pair of moccasins, such as Dawn and Anna Mae wear. They spell real comfort.

White jewelry has come out along with low-necked summer dresses. JoAnne Kirmis has a new white necklace that is very cute. Jewelry always adds just the right touch to any outfit.

The boys have got out their cotton shirts too. Did anyone notice that pretty shirt Normen Stahlecker had on? It proves the boys also have caught spring fever.
